3-Day Live-Patient "Smile Design and Composite Layering" Mini-residency

Hervey Bay, Queensland

6th-8th of October 2018

Introducing the **ONLY** Live-Patient Smile Design and Composite Layering course in the world! Take your skills to the next level by applying the theory of beautiful Smile design and resin composite artistry to **REAL PATIENTS** under the supervision of resin composite master: Dr. Terry Wong. This intensive program is the only one of its kind, involving a 2-day comprehensive curriculum covering all aspects of how to achieve optimally aesthetic resin composite veneers, followed by a full day of guided Live-patient experience on real smiles!

Dr. Terry Wong

With 30-years of clinical experience and 6 successful start-up practices under his belt, Dr. Terry Wong has lectured across the globe on Resin Composite. Having attended the Las Vegas Institute, studied occlusion at the Kois center in Seattle and having been personally instructed by Dr Newton Fahl of the Fahl School of Art and Science in Aesthetic Dentistry in Brazil, Dr. Wong has traveled far and wide to perfect his composite resin technique. Dr. Wong has been conducting hands-on training workshops for Dentists on the topic of Composite Resin since 2004 and is a Key Opinion leader for major Dental companies such as 3M Espe, Ivoclar Vivadent, Coltene Whaledent, SDI and Dentsply/Sirona. Presently Dr. Wong lectures at the University of Melbourne on the topic of Aesthetic and Restorative Dentistry, as well as maintaining a dental practice in Melbourne with an emphasis on restorative dentistry.
